

OSA-0391-64
22 January 1964

MEMORANDUM FOR: Acting Deputy Director (Science and Technology)
SUBJECT: Contact with Foreign Technology Division, USAF

1. In the light of the pleasantries exchanged last Thursday at the dinner for Col. Pearce, Commander FTD, I wonder if it might not be appropriate to mention to you what I heard from [] on 20 January involving that organization.

25X1A

2. According to [] FTD has in its possession some interesting scientific material on the Pavlovian conditioning of Russian cosmonauts, which in some way bears upon the past and present interest of [] According to the latter, several attempts have been made to gain access to this material in the past but they have been rebuffed, presumably on the grounds that USAF had exclusive rights to whatever dissemination might occur of this material. Also, according to [] such access required a "special FTD clearance" which I assume is strictly an in-house administrative arrangement, rather than a type clearance itself.

25X1A

3. I would appreciate your suggestion on how we might work to get to this material using the roseate glow of our recent dinner as the vehicle to accomplish this.
